

Color-Touch Screen Android POS Terminal

MPOS-A59

Mobile android POS to
empower your lottery
business

MPOS-A59 Android POS is one of the new generations of M.POS terminal designed to combine traditional features and innovative web services in point-of-sale environments for lottery sales and value-added services.

Evolved to Android 4.4 operating system, with 5" color touch screen, fast thermal printer, optional camera and barcode scanner, MPOS-A59 is undoubtedly an empowering tool to enhance user experience.

Ensures reliable performance

MPOS-A59 can accelerate your business transactions in an effective and efficient manner. It offers exceptional stable performance as a VAS tool.

MPOS-A59 can be integrated to M.Gate VAS platform or other third-party system. Being a thoughtful device prepared for your business expansion, MPOS-A59 can be implemented easily at points of sales such as outdoor kiosk, convenience store, gas station, tax register location (VAT Raffle) and etc.
